JUNE MEETINGS

June 7th - AGM

June 21st – Alison Hume (My life in stitch)

AGM

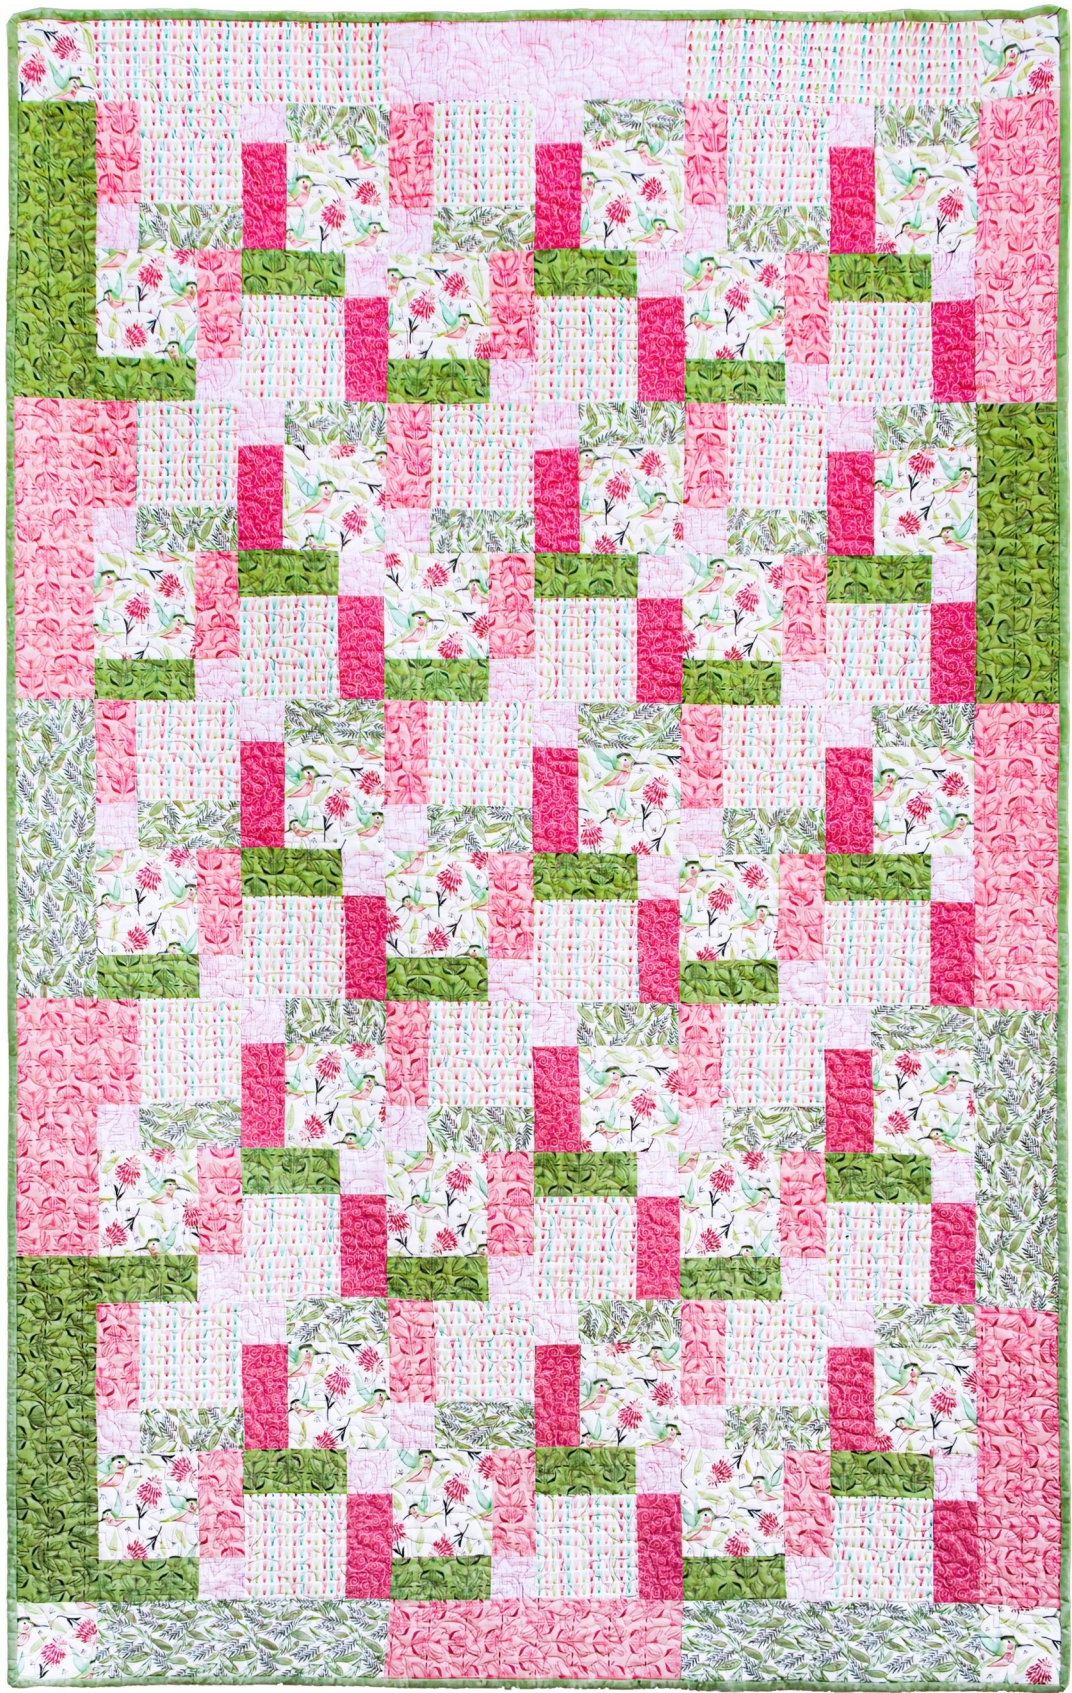

This AGM will be important for the future of the group, so please turn up and support your committee on the 7th if you can. After the main event there will be cake, drinks and a free raffle with time to socialise.

Show & Tell

Here are seven small eye spy quilts made for the children's cancer ward at Frimley, many thanks to those who contributed fabric, it helped a lot with the variety. I still have fabric left so there will be more to follow later.

This is my latest quilt for the care leavers, my first attempt at quilting with a pantograph.

It went beautifully for two thirds of the quilt but the flower covers a hole and marks the spot where the needle broke and it all started to go wrong! Thankfully Mr Fix it (my husband!) after much time and effort managed to sort it for me and, fingers crossed it's working well now.

Hilary
